The Pedders Suspension Sports Ryder brand has been synonymous with high performance dampers for decades.

Pedders Sports Ryder shock absorbers and struts combine the most advanced technology with Pedders' renowned expertise in the fine tuning of damping rates for superior handling. At the forefront of sports suspension is Pedders eXtreme XA, height adjustable coil-over built to Pedders stringent quality standards. Pedders eXtreme XA features sports calibrated tunable damping, motorsport coil springs individually tuned to suit each application and a host of other high performance features including engineered mounting bracketry. The eXtreme XA is the pinnacle of performance suspension technology and the flagship of Pedders' Sports Ryder range of specialist performance suspension products. Pedders eXtreme XA is the result of Pedders Suspensions commitment to being a leader in the steering and suspension industry with outstanding product success in both the motorsport arena and sports performance markets. The Pedders Sports Ryder eXtreme XA adjustable coil over features a 30 position adjustable bump and rebound damping setting at the **CLICK** of a button which enables you to fine **TUNE** your suspension for whenever you want **PLAY**.

With a host of selected makes and model fits including BMW, Ford, Honda, Holden, Lexus, Mazda, Nissan, Subaru, Toyota, Volkswagon and many more...the Pedders Extreme XA coil over is a great fit for the sports and performance enthusiast driver. Straight advice, specialists you understand and... No Bull

Few companies have played such a significant role in street and performance car culture as **Pedders Suspension**. In its highly specialised field, Pedders has continually set new benchmarks for precise vehicle balance, optimum traction and maximum street appeal since the 1950s. Today, Pedders' **Sports Ryder** Suspension range represents the ultimate in performance lowering suspension. **Sports Ryder** products, when integrated into a fully balanced **Sports Ryder** system make a great enhancement to a vehicle's handling and safety. **Sports Ryder** coil springs, bushes, shocks, sway bars, sway bar links, strut mounts, struts and tower bars improve traction, ride quality, turn-in and cornering ability with greater steering precision and stability under braking. With **Sports Ryder** products, you can minimise body roll, reduce pitch and float, extend the life of your tyres and gain a greater safety margin in performance driving conditions.
