Is your Nissan Patrol, Ford Maverick or Toyota Land Cruiser experiencing fluid leaks from the front hub areas? If so, Pedders have the solution for you.

Pedders swivel hub reconditioning kits come packed with high-quality seals, gaskets, felts and all of the axle needle rollers you will need to get your swivel hubs looking and performing the way they should; clean and leak-free.

Also included in all the bundles are new high-capacity (special sealed type in the Patrol/Maverick kits) Koyo® king-pin bearings. With the proven durability of Koyo® bearings, you will have the confidence that your swivel hubs will be supported by one of the best bearing sets on the market.

With kits to suit 78, 79, 80 and 105 Series Toyota Land Cruiser, GQ and GU Series Nissan Patrol and DA Ford Maverick models, Pedders reconditioning kits are the solution to grimy, dirty and sloppy swivel hubs.”

### Front Wheel Bearings

For those wanting to recondition swivel hubs, replace/machine front disc rotors or just wanting to replace a vital part of your vehicle's driveline with a quality product, Pedders also have this covered. Just like our swivel hub reconditioning packages; only the best will do. Our wheel bearing kits contain high-quality seals, gaskets and of course, Koyo® bearings.

So whether you're a trail-forger, road-roamer or a weekend-wanderer, you can rest assured that your vehicle will benefit from the installation of Pedders swivel hub or wheel bearing kits (or both...).
