

## **Environmental Policy**

***Pedders Suspension & Brakes** is committed to prevention of pollution and reducing our environmental impact and continually improving our environmental performance as an integral and fundamental part of our business strategy.*

*The management and staff of **Pedders Suspension & Brakes** are dedicated to:*

- complying with applicable legislative and other requirements pertaining to our operations including those of ISO:14001,*
- setting and reviewing measurable and meaningful environmental targets to ensure continual improvement of our Environmental Management System,*
- working to achieve the environmental expectations of our staff, customers, suppliers and local community,*
- conducting regular assessments of the environmental impact of our business to identify potential areas for improvement and follow through with programs to achieve these improvements,*
- creating awareness among our staff and suppliers of the potential environmental impact of operations with which they are involved, and how they can work towards minimising these impacts.*
- minimising our waste and pollution as much as reasonably practicable,*
- reusing or recycling as much of the remaining waste as much as possible,*
- purchasing products and services that have the smallest environmental impact as far as reasonably practicable, and encouraging others to do the same,*
- assessing the environmental impact of any new processes or products we intend to introduce in advance.*

*Our Environmental Policy enshrines this commitment and ensures that all working activities will be undertaken with all reasonably practicable measures taken to avoid risks to the environment.*
